

COLORADO'S BEST TRAINER PRE-COMPETITION

Greeting Colorado's Best Trainer Participants:

Pre- Competition Lesson PowerPoint Competition

Explanation:

This portion of the competition is to judge your skill in developing a training lesson plan and presentation. You will not be presenting the lesson but will design it for any instructor to teach.

Getting Started:

We would like you to design a lesson plan and presentation on STUDENT STOPS – LOADING AND UNLOADING. This is to be a 20-30 minute presentation.

Preparation:

Please prepare a PowerPoint or Google document that is no more than 20 slides. There should be presenter notes either on the slides or be added as a separate document. One slide should outline ways to get additional information on the given subject. Attach all outside videos and information into the presentation. Please add website addresses in case content will not load for the judges.

Submission:

Please email presentation and presenter notes to d.gettel@jeffco.k12.co.us by May 29th. A confirmation email will be sent when the documents are received.

Judging:

The presentation will be judged on content, creativity, and variety of learning techniques.

Completion:

Come ready to compete on June 12th at 10am at the CSPTA Summit. See you there.
